## Limit of Liability

Robin Imaging has been handling all types of artwork for over twenty-five years. We understand that your artwork is very special and expensive. We take every precaution to make sure it travels through the lab carefully, without damage. To prevent damage, originals must be protected with appropriate packaging when they are turned over to us. If not properly packaged, we will package them appropriately and add the cost to the job.

Even with the best of care sometimes accidents happen. If damage should occur, our limit of liability is \$100 per piece, up to a maximum of \$500 per order. You have the option of purchasing additional insurance at \$0.25 per \$100 of coverage, up to \$1,500 per piece. This must be done at the time you place your order.
